

10ID POE Lockup Procedure

- Close the Perimeter Door. The magnet lock shall be engaged and the door could not be opened from outside. On 10ID POE ACIS Panel, the green "PERIMETER DOORS LOCKED" light will be on.
- Go to 10ID POE ACIS Panel and push the green "MAIN DOOR UNLOCK" button.
- Open the Main Door of the 10ID POE Hutch.
- Search the hutch to make sure no other people is inside.
- Push the green button underneath the grey "Search" box.
- Exit the hutch and close the main door of the 10ID POE. You should be able to hear buzzing sound inside the hutch.
- Go to 10ID POE ACIS Panel. After 30 seconds the green "ENCLOSURE SECURE YES" light will be on.
- Now all three green lights above the "MAIN DOOR" button shall be on. The 10ID POE Lockup Procedure is finished.
